

RESOLUTION-05

STORAGE UNIT COST INCREASE

Whereas, PCSRA has received notice that the storage unit facility used by PCSRA has increased the annual fee by twenty-five percent (25%) or \$200 for 2017; and

Whereas, other storage sites have been looked into comparing size of storage area, location and cost and found no real savings by moving or changing storage sites; therefore

The Board does hereby authorize the Treasurer to transfer sufficient funds to Account 750, Account 750-1 Storage Unit to cover 2017 rental fees. And to perform an inventory audit to see if a number of items can be surplus in order to reduce the size required for a storage unit.
